How to Enjoy Dragon Warrior III

- Read Section I of this Explorer's Handbook, but DO NOT read Section II at first. You may want to refer to Section II for maps of caves, towers, and castles, but you won't enjoy the game as much if you depend too much on the information provided in Section II.
- Section I explains the commands and the features of Dragon Warrior III. With the information about spells and items on the Dragon Warrior III Map Poster, you should be able to start your quest. By gathering information from people (or animals!) in the game, you should learn how to proceed.
- If you get stuck and can't figure out what to do, try remembering what you have heard and seen. Chances are there was a clue which will put you back on track.
- If you give up figuring out how to proceed, refer to Section II for hints.
- Use the clues in the Ultimate Hint section only as a last resort.
- Save your game periodically, especially before venturing into new territories or attempting things you are unsure about.

Important—SAVING THE GAME—Important

You can save your game by visiting any one of the Kings and/or other characters who have access to the Imperial Scrolls of Honor. When you wish to rest from the game after saving, remember to hold the RESET Button in while turning off the POWER. Otherwise, you may damage the valuable saved information of your game.

BEGINNING YOUR QUEST

Select BEGIN A NEW QUEST and press the A Button. The available Adventure Logs will appear. Select one. The window to register the name of your character (who will be the leader of your party) will appear (picture 4). Select letters with the \blacklozenge Control Pad and enter them by pressing the A Button, one at a time. If you make a mistake, use BACK to write over a letter.

Picture 4

You can enter up to 8 letters and/or marks, including a blank space which is located below the capital V, but only the first 4 will be displayed during play. When you are finished entering the name, select END and press the A Button. Then enter the sex of your character and the message speed. Your quest will begin momentarily. (Pressing the B Button at any time will let you re-start the BEGIN A NEW QUEST procedure.)

You are the young Hero of Aliahian. The character sleeping in the bed is YOU. Your mother says you have to see the King of Aliahian today. Follow her and she will show you the path leading to the castle of Aliahian.

Go to See the King

Go straight ahead and enter the castle. Take the stairs in front of you to get to the second floor. Approach the King and listen to what he has to say. "Thy enemy shall be the Archfiend Barmons," says the King. Trusting you to succeed, he will give you 50 pieces of Gold.

Recruit Your Allies

The King and his counselor say traveling alone will be too dangerous. You need to organize an expedition party.

At Luisa's Place, the eatery located in the northwest corner of the castle town of Alhambra, you can recruit up to three allies to help you in your quest. Walk up to the counter in the back, face Luisa (the woman behind the counter) and press the A Button. The Command Window will come up. Select TALK and press the A Button to talk to her (picture 5). When asked what you want, select ADD MEMBER. She will record the current conditions in the Imperial Scrolls of Honor and show the list of available characters. A customer in the eatery recommends you recruit a Soldier, a Pilgrim, and a Wizard.

Initially three ready-made characters are available, but you can register characters of your own creation. To do so, go upstairs to the Adventurer's Hall of Registration. You can register up to 11 characters. You will probably enjoy your quest even more with your favorite allies.

Registering Characters of Your Own Creation

If you want to register characters of your own creation, go to the counter on the second floor of the eatery and select TALK. When the window to register a name appears, enter a name. After selecting the class and sex of the character, press the A Button to set his/her pertinent information. If you like what you see, answer YES. Otherwise answer NO. Repeat the process for additional characters. After you are done, go downstairs to Luisa. Your newly registered characters should appear on the list and you can add them to your party.

The King has been waiting for you.

CLASS DESCRIPTION

Hero

The hero of Dragon Warrior III, you, can use weapons and armor well to fight enemies fiercely. You also have the ability to cast spells. Some of the spells which you learn will be exclusive to you.

Fighter

A master of martial arts, the Fighter possesses a lean, strong body and excellent AGILITY. As the level increases, his/her chance of delivering a "tremendous hit" grows. Being a master of martial arts, he/she can best fight bare-handed. When equipped with ordinary weapons, his/her Attack Power may decrease.

Soldier

A fighting professional, The Soldier can be equipped with most weapons and armor, and since his/her growth rate is high, he/she will become quite powerful quickly. He/she is not too agile, though, and cannot cast any spells.

Merchant

A Merchant is skillful at finding the most Gold pieces. He/she also possesses the exclusive ability to appraise items. To use his/her appraisal ability, first select ITEM, then the Merchant's name, the item to be appraised, and finally APPRAISE.

Pilgrim

With the ability to cast mainly healing and indirect attack spells, a Pilgrim can back your party up greatly in battles. He/she also has relatively good STRENGTH and can be equipped with many weapons and armor. At higher levels, he/she will learn powerful attack spells too.

Goof-off

Without exaggeration, a useless living-being to take along in your quest. The only redeeming quality, if any, is that his/her irresponsible and unpredictable actions and remarks may make you laugh. As Goof-off's level increases, his/her weaknesses will become more and more apparent. His/her LUCK is tremendous, however.

Wizard

A specialist of attack spells. Even at lower levels, the Wizard can use very effective attack spells. However, he/she lacks STRENGTH and his/her Attack Power and Defense Power are low compared to those of characters in the other classes. The Wizard can be equipped with a limited number of weapons and armor.

Sage

A super character, the Sage can learn all the spells of a Pilgrim and a Wizard. He/she cannot only fight well, but can be equipped with many weapons and armor. No character can start as a Sage, however. The only way to become a Sage is to gain enough Experience Points and have a necessary class change.

Nintendo ENTERTAINMENT SYSTEM

Talk to Everyone

People in the castle and the town may provide valuable information. You speak with someone by facing them, selecting TALK in the Command Window and pressing the A Button. TALK to everyone in the castle town and in the castle of Aliahon. Can you find out what your immediate task is? It has something to do with locked doors. . .

Embark on Your Quest

Outside lurk many enemies. Fighting and defeating them in battles is the way you gain Gold pieces and Experience Points. When a character's HP (Hit Points) fall to zero, he/she dies. To restore HP, stay at an inn. Both HP and MP (Magic Power) of your characters will be restored to the maximum levels.

STORES AND OTHER FACILITIES

You will find item stores, weapon stores, House of Healings, and inns in many towns, villages, and some unexpected places. Be sure to check every item store and weapon store to see available merchandise.

Item Stores

They sell Medical Herbs and other items. You may also sell unneeded belongings here. When two or more of you enter a store, you will be asked to designate who is buying or selling the items. The total number of your Gold pieces will be displayed at the upper right section of the screen.

Weapon Stores

They sell different kinds of weapons and armor. TALK to the owner across the counter. He will show you what is for sale. Select what you want to buy. If you do not see anything you want, press the B Button to cancel.

Inns

By staying at an inn you and your allies can regain the maximum HP and MP. The cost of staying, quoted by the innkeeper, covers your entire party. Inns are open 24 hours a day to accommodate you at any time.

House of Healings

House of Healings perform services for members in your party who have been poisoned, cursed, or deceased. The services available are DETOXICATE, UNCURSE, and REVIVE. You must pay the proper fee for each service.

Vault (Located only in Aliahon)

The vault is located near the entrance to Luisa's Place. You can leave a minimum of 1000 pieces of Gold and belongings there for safekeeping. Use the ♦Control Pad to set the amount. You can store your Gold there for free, but to store your belongings will cost you. . .

ENDING A SESSION PROPERLY

Your quest in Dragon Warrior III will be a long and hard one. You, along with your characters, must rest occasionally. When you wish to take a rest, be sure to save the game by seeing one of the Kings and/or other characters who have access to the Imperial Scrolls of Honor. Even if you are continuing your quest, we recommend you save the game periodically so you have the option of going back to the last saved point.

How to Save

Stand next to the King. Select TALK. The King will tell you how many Experience Points each of you needs to go to the next level. Have your progress recorded in the Imperial Scrolls of Honor. When asked if you wish to continue your journey, answer NO to end the session.

IMPORTANT: How to Turn off the POWER Properly

After the King's message is displayed, the screen changes to the Ending Instruction. Following the Instruction, turn the POWER off while holding in the RESET Button on your NES. If you don't hold in the RESET Button while turning off the POWER, you may damage your valuable saved information and will not be able to continue from the point you saved! To continue at a later time, select CONTINUE A QUEST in the Option Screen, then your Adventure Log.

THE TWO WINDOWS

The two windows you see often, besides the Text Window are the Command Window and the Status Window (see picture 6).

The Command Window

Displays available commands. To learn how to use these commands, see the section entitled COMMANDS IN THE WALKABOUT MODE.

The Status Window

Displays information about you and your allies. H and M stand for Hit Points and Magic Power, respectively. The numbers in the bottom row show the characters' Levels. Beside each Level number is the class of the character.

Picture 6

Pay Attention to the Color of Windows

White: The normal color.

Green: Someone is seriously injured.

Orange: Someone is deceased.

Blue: It is night.

What Are DE, PO, NM, SL, and CF?

When one of these appears where the Level number is usually displayed, it means the character is not in a normal state due to enemies' spells, poison, or other factors.

DE The character is deceased.

Suggested Remedy: Take him/her to any House of Healing and ask for the service, REVIVE. If any of your party knows a spell to revive a deceased character, use it.

PO The character is poisoned.

Suggested Remedy: Unless treated the character will remain poisoned, and for each step taken he/she will lose Hit Points. Use Antidote Herb on the character. Your allies may learn a spell with an antidotal effect.

NM The character's entire body is numb and immobile.

Suggested Remedy: The effect goes away very gradually but to end the numbness quickly, use Full Moon Herb on the character. Your allies may learn a spell which expels numbness.

SL The character is put to sleep.

Suggested Remedy: Defeat the enemies in the current battle completely or break away successfully. Your allies may learn a special spell which wakes up the affected character.

CF The character is confused and disoriented.

Suggested Remedy: Defeat the enemies in the current battle completely or break away successfully.

(See the list of items on the reverse side of the Dragon Warrior III Map Poster.) When an item is equipped, the E mark will appear beside it.

Note: If there are more selections than can be displayed in one window, you will see the \blacklozenge mark near the upper left corner of the window. Move \blacktriangleright to \blacklozenge and keep pressing the A Button until you reach the window you want.

Know Your Characters

Entering the following Command Sequence will display the information about a character:

STATUS

(Name)

INFO

CHARACTER ATTRIBUTES (INFO)

LEVEL

The level of the character. By defeating enemies, some Experience Points will be gained and the character's level increases.

As the level increases, the character's maximum HP and MP increase, and depending on the class of the character, he/she will learn different magic spells.

HP (Hit Points)

The character's Hit Points decrease when enemies inflict damage. Walking while poisoned or through damage inflicting terrain, such as barrier and poisonous swamp, will also decrease Hit Points. The character is defeated when his/her Hit Points fall to zero.

MP (Magic Power)

This is the power to chant spells. Each time a spell is chanted, MP decreases.

G (Gold)

The total number of Gold pieces you and your allies possess.

STRENGTH

This is the character's power. More STRENGTH means more Attack Power.

AGILITY

This is the quickness of the character. It affects the order of action taken in battles.

VITALITY

This is the character's capacity to grow. This affects the way MAX HP increase.

IQ

This affects the way MAX MP increase and how fast the character learns new magic spells.

LUCK

This determines how lucky the character gets when faced with danger. The character with higher LUCK has a better chance of RUNNING away from and evading enemies' magic spells.

MAX HP (Maximum Hit Points)

The highest number of Hit Points attainable by the character at his/her current level. By staying at an inn, all characters will regain their Maximum Hit Points.

MAX MP (Maximum Magic Power)

Like MAX HP, the maximum magic power will be regained by staying at an inn.

ATTACK POWER

This indicates how much damage the character can inflict upon enemies with each attack. This figure is equal to the sum of the character's STRENGTH and equipped weapon's attack power.

DEFENSE POWER

This indicates how well the character can minimize the damage inflicted by enemies. This figure is equal to the sum of a half of the character's AGILITY and the total defense power of equipped armor, shield, and helmet.

Experience Points (EXP)

As a character defeats enemies, a certain number of Experience Points will be gained. When a character accumulates enough Experience Points, he/she will be promoted to the next level. The number gained depends on two factors: how strong the defeated enemies are and how many of you it took to defeat them. For example, if a single character encounters enemies and defeats them, he/she will gain a greater number of Experience Points than he/she would with the aid of allies.

EXAMPLE: TRANSFER AND EQUIP

Suppose you purchased a Magic Knife and would like to give the Copper Sword to the Soldier. You can do this in the following manner:

TRANSFER the Copper Sword to the Soldier

Select ITEM in the Command Window and press the A Button. The window containing names will appear. Select your name and press the A Button. You can now select the item you wish to TRANSFER (picture 8). Select Copper Sword in the list and press the A Button.

Picture 8

Picture 9

When the window with the commands USE, TRANSFER, and DISCARD appears, select TRANSFER and press the A Button. The window with member names will appear. Select the Soldier's name (picture 9) and press the A Button. The Soldier now has the Copper Sword.

EQUIP the Soldier with the Copper Sword

Select EQUIP in the Command Window and press the A Button. When names are displayed, select the Soldier's name (picture 10). Move the ► to Copper Sword with the ◀ Control Pad and press the A Button (picture 11). Note: E mark is now beside Copper Sword. The E mark points to the item that is currently equipped. Now the Soldier is armed with the Copper Sword. You can cycle forward through all equipment windows by pressing the A Button and backward by pressing the B Button.

Picture 10

Picture 11

COMMANDS IN THE FIGHTING MODE

To reach higher levels, you and your allies must fight many different enemies and gain Experience Points by defeating them. When you come across an enemy or a band of enemies, you will automatically enter the Fighting Mode.

Picture 12

As soon as you enter the mode, the number and kinds of enemies are shown and the Fighting Command Window appears. Decide what you and your allies should do and specify appropriate actions using the following commands.

Picture 13

FIGHT

This command will let you attack your enemies with the equipped weapon (bare-handed when not equipped with anything). Specify which enemy or group of enemies you intend to attack.

RUN

Select this command and you and your allies will try to RUN away from the enemies. Watch HP (Hit Points) in the Status Window and if you feel Hit Points are dangerously low, try to RUN away. Keep in mind, though, enemies may block your path so that you won't be able to escape.

PARRY

To keep fighting when Hit Points are low may hasten the character's complete defeat. Using PARRY, you can let the character concentrate on defense so the amount of damage inflicted by the enemies can be reduced by about one half.

SPELL

Select this command and press the A Button. The list of magic spells available to the character will appear. Select which spell to cast with the ◀ Control Pad and press the A Button.

If the character can use more magic spells than can be displayed in one window, you will see the ♦ mark near the upper left corner of the window. Move ► to ♦ and press the A Button (picture 12). The next window will be displayed. Keep repeating until you reach the window you want.

If the magic spell to be cast is of the attack type, specify which group of enemies to attack (picture 13).

Note: Some spells do not require you to designate intended targets.

One example of this command is the use of a Medical Herb to restore Hit Points during a battle. Another example is to cast the spell effect of certain weapons and items. For instance, Thor's Sword has an effect identical to the Firevolt spell when USED during a battle. Like the SPELL command, you may need to specify who these items will be used on. During a battle, you may not transfer or throw away items; however, you may change the weapon you fight with,

When all actions to be taken are specified, a round of a battle begins. The order of execution of the actions by participants in a battle depends on their Agility. The battle ends when one side is completely defeated. If a round of a battle ends without one side completely defeated, the Fighting Command Window will appear so that you may specify your choices of actions for the next round.

In Dragon Warrior III, the passage of time has a profound effect. For example, you may find certain people only during the day and others only during the night. What people say might change depending upon when you talk to them, too. It is recommended that you visit the same place during the day as well as during the night.

How Day and Night Differ

At most castles, guards will stop you from entering if you visit at night.

Most stores close at night; however, some stores are open at night, and you may find special items at these stores. Inns and House of Healings are open 24 hours a day.

The chance of encountering enemies increases at night. Also enemies' party formations are more complicated at night and some enemies appear only after dark.

Stay at an Inn
Stay at any inn and when you wake up, it will always be morning.

Chant Return
After you use the magic spell, Return, it will be morning.

Use Lamin of Darkness

Chant Day-Night
Chanting this magic spell will turn day into night and night into day.

MORE ABOUT FIGHTING

1 Watch Out for Enemies' Special Attack

Some enemies have the special ability to inflict damage on you in addition to their ordinary attack habits. Their Special Attack capabilities are listed below. The magic spell, StopSpell, cannot block these Special Attacks.

Delivered with Ordinary Attack

Special Attack	Target	Effect
Poison	One member	Each step after the battle costs HP.
Numb	One member	Remains numb throughout the battle.
Sleep	One member	Put to sleep during the battle.

Breath Attack

Toxic	All members	Each step after the battle costs HP.
Flaming	All members	Receives 10-50 damage points.
Blizzard	All members	Receives 10-30 damage points.
Sweet	All members	Put to sleep during the battle.
Scorching	All members	Remains numb throughout the battle.

Others

Multiple Attack	-	One receives 2 attacks/2 members receive 1 attack each.
Curious Dance	One member	Loses some MP.
Help A	-	The same kind of enemy may appear.
Help B	-	A different kind of enemy may appear.

2 Divide the Task

During the fight, divide the task of defeating the enemies. While the Hero, the Soldier, and the Fighter are attacking the enemies, the Pilgrim should concentrate on backing them up with healing and defensive magic spells. For example, to heal the ally with low HP using Heal, Healmore, Healall, etc., cause a group of enemies to flee with Expel, and increase allies' Agility with SpeedUp. The Wizard who can use attack spells, which work on a group of enemies or all enemies, should specialize in attacking a group of enemies. The Soldier and the Fighter, who cannot use spells, should be assigned to attack an individual enemy.

3 Protect the Weak or Injured Ally

After each battle, check to see who is injured most. If no remedy is available, move the weakest or most injured further down in the line formation. The closer one is to the front, the more damage he/she will receive in a battle.

4 Know the Agility of Your Allies and Enemies

A. Bad Example 1: Misjudging Enemies' Agility

In each round, the order of turn taken by participants depends on their Agility. You must assess the Agility of each participant. For example, even if you intend to USE a Medical Herb on an injured ally, the quicker enemy may attack the ally, defeating him/her before the Medical Herb is administered.

B. Bad Example 2: Misjudging Your Allies' Agility

Likewise, not assessing the Agility of your allies can result in inefficient maneuvers. For example, you intend to use the Defence spell to lower enemies' defense power. But the member with higher agility than the one who is to cast the spell may attack the enemies without benefitting from the spell's effect.

5 Surround, Sleep, and StopSpell: The Three Basic Spells

Be an expert in using not only direct attack spells but also these three indirect attack spells. These are learned near the beginning of the game and could be used quite effectively. At the start of a battle, use these spells to deceive (Surround) enemies, put them to sleep (Sleep), and block their spells (StopSpell).

6 Cast Spells on Your Allies

A. Put the Member Who Is Confused To Sleep

Some enemies, such as Derangers, cast the Chaos Spell which has a devastating effect on your party. Affected members become confused and disoriented and can attack your allies! Rather than allowing him/her to be a menace, put him/her to sleep with the Sleep Spell. To designate the party member to be put to sleep, move \blacktriangleright near the upper left corner of the enemy information window and press the A Button. The window which shows the names of your party members will appear.

B. Transform into a Deceased Ally and Revive the Ally

The spell, Transform, can transform the user into any member of the party. One ultimate example of this usage is transforming into the deceased Pilgrim who could cast the Revive spell. After the transformation, use Revive to bring the Pilgrim back to life! However, transforming back to the original self during the battle is not possible.

C. Get a Supply of MP from Your Ally

The spell, RobMagic, consumes no Magic Power. When the MP level of a certain character decreases, he/she can use RobMagic on another member of the party with high MP to get some of his/her MP. Of course, this spell can be used on enemies with MP; however, it may not always work. Using it on allies always works.

Available Facilities

The First Things to Do

As your mother tells you, go see the King of Aliahn. "Thy enemy shall be the Archfiend Baramos," says the King. After receiving 50 pieces of Gold from the King, go to Luisa's Place as the King's counselor advises. At Luisa's Place, recruit 3 allies. (Several ready-made characters are available at Luisa's Place, but you can register characters of your own creation at the Adventurer's Hall of Registration.) The recommended characters to recruit are a Soldier, a Pilgrim, and a Wizard. If you have difficulty doing any of the above, refer to Section I. The procedures are explained in more detail.

Buy Medical Herbs, Antidote Herbs, and a Wing of Wyvern

Before leaving the town to embark on your quest, buy some Medical Herbs, Antidote Herbs, and at least one Wing of Wyvern at the item store. USE Medical Herbs to restore some HP, Antidote Herbs to neutralize poison, and the Wing of Wyvern to quickly return to Aliahn.

Talk to Everyone

TALK to everyone in the town and in the castle. Even TALK to the prisoners kept in cells located in the basement of the castle.

Where does this lead?

Who are these prisoners?

You should be able to gather all the necessary information to let you proceed smoothly in the game by TALKing to everyone (including animals) you encounter. Be sure to come back and open the locked doors as soon as you get proper keys. You will be able to gain more information and/or items.

Where are the keys for these doors?

Fight Enemies and Build Up Levels

Go out and fight enemies, but don't venture too far at first. Carefully watch the HP of each member of your party. USE Medical Herbs to restore HP. Go back to Aliahn and stay at the inn or your home to restore the maximum HP and MP.

Around the town of Aliahn, you will encounter only weak enemies like Slimes and Black Ravens. Fight them and build up your levels to around 3 before you start exploring areas far from the castle town of Aliahn.

The information you should be able to gather yourself by TALKing to people or animals at each location is summarized here.

Before going to the Tower of Najima, you may want to visit this village. Some of the enemies around the village should give you a good challenge before you will be ready for the Tower of Najima.

This is the first cave you explore in Dragon Warrior III. You should have heard in Aliahan that the old man of this tower stole Bakor's key which should open all doors with simple locks.

Two Ways to Enter the Tower of Najima

You can enter the Tower of Najima either through the cave on the promontory near the castle town of Aliahan or through the cave in the forest south of the village of Reeve.

Use the Inn

Strange as it may seem, there is an inn in the tower. Use the inn as often as necessary to restore your HP and MP. You can get there through a stairway on the second floor.

Get Treasures

When you see a treasure chest, walk over to it, bring up the Command Screen by pressing the A Button, select SEARCH, and press the A Button. You will open the treasure chest and take whatever is inside.

Use the Wing of Wyvern

If you have a Wing of Wyvern, you can return to any place you have previously visited. After you find the Thief's Key, jump off the tower. Once outside, USE the Wing of Wyvern to return to the castle town of Aliahan. If you don't have one, you must walk into the tower, find your way out of the cave, and walk all the way back to the castle town of Aliahan.

To the Inn

Use the Key

Use the key to open all Thief's Key Doors in the castle of Aliahan and the village of Reeve. TALK to everyone behind them. You will gain more information and a very important item you will need to proceed in the game.

They Say ... (Alibham)

- * The Travel Door used to be in the easternmost part of Alibham region.
- * You can break open the seal of the Travel Door using the Magic Ball.
- * There is an old man who makes Magic Balls in the village of Reeve.

They Say ... (Reeve)

- * There is a small lake over the mountains to the east of the village.

If you have a Magic Ball and the levels of you and your allies are around 8, go east of the village of Reeve and over the mountains. Don't forget to take with you a lot of Medical Herbs and Antidote Herbs. Quite strong enemies are lurking there! It is a good idea to keep at least one Wing of Wyvern so you can retreat quickly.

Break the Seal of the Travel Door

The cave leading to the Travel Door is sealed with a set of stone walls. USE the Magic Ball in front of it. Watch the seal break and proceed.

Find the Travel Door and Step on It

The Travel Door you heard about in Alibham is in this cave. It looks like a little pond. If you find it, walk over to it and stand still. The screen image will start wiggling and black out eventually. Don't panic. There is nothing wrong with your NES Control Deck or the Game Pak. You are just being transported to another Travel Door. When the transport is complete, the image will return back and settle down. Now you are at the Travel Door near the castle of Romaly. Upon exiting the chamber, you should head north.

You are probably too weak yet to face Kamias at the Tower of Shangme. You'd better gain more Experience Points around this village. Go to the eatery located in the northwest corner of the village. TALK to the customers there.

Where Is the Poison Needle?

The old man by the pond in the village says the item store once stocked the Poison Needle. But the store owner no longer offers one for sale. Maybe it is hidden in the store. Why don't you try sneaking into his place while he is asleep?

Is he hiding something?

Use the Vault Often

There is a vault in the castle town of Aliahan. You can leave Gold pieces and items there for safe keeping. Each member of your party can carry up to 8 items. It is important to carry only the most important items because you must have room to accommodate new items you will find. Use the vault to keep items you don't need at the moment but may want to use later.

It is wise to deposit most of your Gold pieces in the vault. If your party is destroyed, the person who saved your progress last time will resurrect you, but at a cost, half of the Gold pieces in your possession to be exact. By keeping most of your Gold pieces in the vault, you can minimize your losses greatly. If you use the Return spell to get back to the castle town of Aliahan, visiting the vault is not much trouble; be prudent and use the vault often.

Everyone seems to be asleep. Is anyone awake? Be sure to check the houses at the south side of the village well.

Enemies around Kanave and Noaniels are considerably tougher than the ones you find around Alhahan. Rather than attacking them directly, let the Pilgrim use some of the indirect attack spells, such as Sleep, Speed Up, and Sap.

Beware of Avenger Ravens

They are more dangerous than they look because they attack twice in each turn. The only recommended survival measure available at this stage of the game is to always maintain high HP levels.

They Say ...

- She took the Dream Ruby and went to him never to return.

The Cave West of Noaniels

Use the Healing Spring Inside

The Healing Spring is located on the second basement level. Walk to the center of the Spring. The HP and the MP will be restored to their maximum. Use the spring as many times as necessary.

Do You Know?

- 1 You can move an often-used item, such as the Thief's Key, to the top of your item list. TRANSFER to yourself the item above the one you want to move to the top. Repeat the process until the often used item comes to the top.

Watch Out for Deadly Toadstools

They are especially dangerous because they can put you to sleep during a battle. Once put to sleep, you can only hope you wake up before they completely defeat you. So try to defeat them quickly. The IceBolt spell seems to work.

Retreat Quickly

The enemies in this cave are strong. If the situation becomes unfavorable, try to retreat. By now, the Wizard should have learned the Outside spell, and the Hero the Return Spell. Retreat quickly and easily using the Outside (to get out of the cave) and Return (to return to the place of your choice) spells.

Take the Dream Ruby to Anne's Mother

As soon as you find the Dream Ruby in the cave, take it to Anne's mother in the Hidden Village of Elves. She will give you the Wake Up Powder in gratitude. USE the powder in the village of Noanick. People will start waking up. TALK to the people. Some should tell you what to do next.

They say . . .
 • The Spider's Web will slow monsters down.
 • Long ago, there was a rumour about the Magic Key in Asasam.
 • The Tower of Asasam is to the east of Romaly.

Jump from the 6th Floor

After the long climb in the tower, you found Kandar and his men on the 6th floor. But when you fell into his trap, they escaped. Returning to the 6th floor, you find no sign of them and the treasures have disappeared as well. Where have they gone? The open wall to the north suggests they . . .

Give Kandar and His Men a Lesson

They are many times stronger than the enemies you have encountered. Before confronting them, be sure to restore the maximum HP of every member in your party. The recommended approach is to defeat each of Kandar's men first while putting Kandar to sleep with the Sleep spell. The IceBolt spell seems to work. You may be able to defeat Kandar's men in three rounds or so. After they are gone, the four of you can give Kandar a good workout. If he is not asleep, though, his attack can be devastating.

Take the Treasure

If you succeed in defeating Kanda and his men, they will leave you a treasure chest. Inside you will find an item wanted by the King of Romaly. Take it to the King.

Become the New King of Romaly

The King of Romaly, overjoyed with the return of the Golden Crown, insists you assume his position. He just doesn't take "NO" for an answer. . . . You can proudly say to your friends you finished Dragon Warrior III in record time by becoming the King of Romaly and living happily ever after. . . .

If You Want to Continue Your Quest . . .

If you don't want to indulge in the easy life of royalty but would like to continue your quest, find the former King and make your request. But where is he? His father (in the east tower) says his son likes having a good time. Is he having a good time gambling at the Fight Ring?

Following the information you obtained in the town of Asaram, you traveled south in the desert along the mountainside and found a small shrine in a swamp. The old man inside said the Magic Key lay in the Pyramid in the northern desert. He also advised you to visit the castle of his first wife. Is there something you need there?

Look for the Meteorite Armband in the Castle

There is a man in the town who says wearing the Meteorite Armband makes him faster. If you see the owner of the weapon store at night, he will reveal that the Meteorite Armband is in the castle. There is a path by the wall of the castle. Try entering it on the west side of the gate. If you find the Meteorite Armband, select it from the list of items through the ITEM command and USE it to put it on. The wearer's Agility is now doubled! Anyone can wear it, but probably having the Pilgrim wear it will benefit your party most because he/she will be able to cast indirect attack or defensive spells faster than before.

Do you want to sing along with the children?

The Pyramid

LEVEL 16

You heard the Magic Key was hidden in the Pyramid. Doesn't the sealed stone wall on the third floor look suspicious? Sorry, the Magic Ball doesn't work on this one. There must be a way to open it.

Spells Don't Work in Some Sections

As someone in Isis said, there are sections in the Pyramid where spells don't work. Be sure to always carry a sufficient number of herbs.

Make Many Trips

Besides the Magic Key, the Pyramid contains many more treasures. But be prepared for strong monsters hiding in some treasure chests. Don't expect to retrieve all of the treasures in one trip.

Open the Sealed Wall

Remember the song the children in the castle of Isis were singing. It contained a clue to the mechanism of opening the sealed wall.

What Is the Golden Claw?

There is a second basement under the Pyramid. SEARCH the entire floor of the first basement. You should find a hidden stairway. SEARCH around a casket in the second basement. There you will find the Golden Claw. Take it and you will notice a dramatic increase in your chance of encountering enemies. This is a plus if you want to build up levels quickly. What! You don't want it? Then sell it at an item store. You will be richer by 11,250 Gold pieces! However, it is awfully difficult to make it to any store alive with the Golden Claw!

Go Back to the Castle of Isis

There are a few Magic Key Doors in the castle of Isis. Go there and open all of them. The guards won't let you in? Try sneaking in at night when they've left their post. If you succeed in seeing the Queen in her chamber, she will give you an item which will enable you to restore some MP.

Gather More Information in Assaram

Visit Assaram again, perhaps at night, to gather more information. Consult the leader of the dance troop in the backstage of the theater. Try opening all the doors you see with the Magic Key and TALK to the people behind them.

See the dance troop leader in the backstage.

Fajir and Galen are locked up in the cells on the second basement level. Let them escape, then confront the kidnapers, Kandar and his men. Kandar is even stronger than before. Again concentrate on his men first. Generally, spells do not seem effective against Kandar, so don't waste MP. You probably need to go through many rounds to defeat Kandar alone. Don't be discouraged even if he seems undefeatable!

Go Back to the Store in Baharata

Galen is safely back and working in the store. TALK to him. He will gladly give you some Black Pepper.

You should choose the type of direct attack spells according to the enemy type.

For example, many enemies in the sea, such as King Squids and Crabus, accustomed to cold sea water, have strong immune systems against the spells in the Frigid Family (IceBolt, SnowBlast, etc.). You should use spells in the other families, such as Blaze and Fireball against them. On the other hand, you should use spells in the Frigid Family against enemies who breathe out blaze, such as Lava Bashers and Orochi. The spells in the Blaze Family seem to have no effect on them.

The King's Counselor in Eginbear mentioned the existence of the field surrounded by trees on the shore of the western continent. There is an old man here. His vision is to build a new town, but he needs the help of a merchant...

Help the Old Man

Won't you help this poor old man fulfill his dream. Bring him a merchant from Aliahan! Go back to the castle town of Aliahan, to the Adventurer's Hall of Registration on the second floor of Luisa's Place, register a Merchant, and bring the Merchant here. (You must LEAVE one of your allies at Luisa's Place before ADDing the Merchant to your party.) If you haven't learned how to change a party member, refer to Section I, page 6. The Merchant doesn't need much experience. Just be sure to bring him/her to the field alive! You should keep him/her last in your formation for the best protection. (Use STATUS, then FORMATION to change the line-up.)

TALK to the Old Man

TALK to the old man after presenting the Merchant to him... Overjoyed with the hope of fulfilling his dream, he will give you some information.

Watch Out for Hades' Condors

They can use the Limbo spell on you and your allies. The spell will send the affected character away to limbo! If you are unfortunate enough to experience this, don't panic. You can always re-start the game, right? If you don't want to start over, you can look for the missing character. He/she will be returned to this world unscathed. You just need to find him/her. If you cannot, see the hint on page 78.

learn any new spells but would be able to use all the spells learned while he/she was the Wizard. Note the following:

- 1 After a Class Change, the character's attributes, such as STRENGTH, AGILITY, and INTELLIGENCE will be halved and the level begins at 1 again.
- 2 The spells learned prior to a Class Change will not be forgotten, but the special talent, such as Merchant's appraisal ability, will be lost.
- 3 After a Class Change, each weapon and armor the character was equipped with will be removed. Be sure to re-EQUIP him/her with appropriate weapons and armor.

Make a copy of your current Adventure Log before attempting a class change so that you may resume the pre-class-change condition if you wish.

Someone said the Book of Satori was in this tower. Even if you don't want to have a class change, come here to gain Experience Points before going to Lipang. This tower is not very spacious but should entertain you for some time with intricate connections between rooms. On the first floor, there are four Travel Doors. The right choice of doors will get you to the other floors.

Where Is the Book of Satori?

To reach some floors in this tower, you must fall from the tightropes or fall into the traps. The Book of Satori is in a treasure chest on one of these floors. . . .

What Is the Book of Satori?

Anyone who wants to become a Sage must read this book to reach the state of enlightenment before requesting for a class change. (Possession alone will suffice.) Only the person who has this book at the time of the class change will be offered the chance to become a Sage. (In each quest, only one Book of Satori is available.)

Jipang and the Cave of Jipang

Jipang

The monster, Orochi, is terrorizing the villagers of Jipang. Himiko, the female ruler, picks female offerings according to her own prophecy. She seems cold-hearted and strange, especially at night...

The Cave of Jipang

Oozing with bright red molten lava, this cave looks hostile. However, the cave itself is small and easy to travel. On the second basement level, the monster, Orochi, awaits you.

Confused?

Derangers are quite a menace because they can confuse and disorient you and your allies with the Chaos spell. If this occurs, you may attack each other! What can you do to stop the affected person(s) from attacking the others? The

only effective solution: put the affected person(s) to sleep (use the Sleep spell). If the Pilgrim is put to sleep, you are out of luck!

Defeat the Orochi

The Orochi has more than one head and consequently can attack you with more than one blaze in each turn. The Sleep spell seems to work sometimes, and the spells in the Frigid Family seem to work fairly well. The Pilgrim might wish to decrease the defense power of the Orochi at the beginning of a battle using Sap. He/she should also try to maintain the HP of each member in the party at a sufficient level while the Hero and the Soldier concentrate on delivering blows to the Orochi.

Why is Himiko injured?

Chase the Defeated Orochi

Chase the defeated Orochi. It will lead you to Himiko's room. It seems she suffered a terrible injury. Is she the Orochi? Restore the maximum HP of each member in the party and TALK to her. Show no mercy as you begin your battle with Himiko's true form... the Orochi. When you defeat the Orochi for the second and final time, you will find...

Enter here to see Popota

Almost everyone in this remote village, nestled in fields, thinks you have a striking resemblance to Papagatero, who visited here a long time ago. An old man says Papagatero was from Aftalan, and he was known as O-R-T-E-G-A. You now know your father, Ortega, was once here. A kid named Popota gives you his Water Blaster which Ortega made for him while he was here. Good luck finding Popota!

What Is the Water Blaster?

The innocent looking device your father made while here must have some special power, or so it seems. You try to USE it on each villager in your way, and find to your amazement . . . the Water Blaster only excels in surprising people with cool spurting water but in nothing else. . . Well, that's all, folks! You'd better hurry!

Someone in the village of Soo said the Echoing Flute was in a tower somewhere. Is this the one?

Jump Off the Tightrope

There are four treasure chests on the third floor of this tower. The path to reach them will not be easy. Once you reach the fifth floor and walk toward the middle of the tightropes, mark your steps well and jump. One of the four treasure chests contains . . .

The House of Pirates

LEVEL 21

At night, you can TALK to the pirates. They don't seem hostile. You can expect to gather valuable information from them. The leader of the pirates is a woman. Watch what you say when you TALK to her. If she doesn't like the way you talk, she may withhold some important information.

Play the Echoing Flute Here

Play the Echoing Flute in the house. Do you hear the echoes? If so, an Orb must be nearby.

Use the Vault Often

You checked the basement of the house, and you found no Orb. Have you checked the house's perimeter? Don't you think the boulder outside on the east side of the house peculiar? SEARCH the area around or below the boulder and you will find. . .

They Say . . .

- Long ago, they once saw a Phantom Ship wandering in the seas.
- They probably came across the Phantom Ship because they used the Sailor's Thigh Bone.
- They gave the bone to an old man in Gadenlad.
- There is an island of L. yami to the south and slightly to the west of the House of Pirates.

Luzami

LEVEL
23

On this forgotten island, there is a prophet. TALK to him, and he will reveal your destiny. Also TALK to the man behind a counter in a tale building. He sells nothing, but has vital information for you.

SEARCH the Flower Garden

You will find a not-so-vital item there...

They say...

- The shrine of the Nacchid is deep in the mountains of the Necagard.
- You will leave the Swirl of Gula into a volcano's cauldron, and your own path will unfold.
- The Sword of Gaia was possessed by a man called Simon.

The Navel of the Earth

LEVEL
27

In the village of Lancel, there is a big shrine on the north side. Go there and open all the doors you see with the Final Key. Don't miss doors around the gate of the shrine. TALK to everyone. There you will find two prophets.

Accept the Challenge

At the shrine, you alone will be asked to test your courage. Accept the challenge, but be sure you are properly equipped. The Zombie Slasher, the Magic Armor, the Iron Mask, and the Iron Shield should help you meet the challenge. You should also carry the Final Key and wear (USE) the Meteorite Armband for the occasion.

Don't Be Discouraged by Mimics

There are several treasure chests inside the cave. Some of them are Mimics, lethal monsters, which can cast the devastating Defeat spell. Be sure to open every treasure chest. One of them contains a very important item, and another a splendid suit of armor.

They say...

- The companion you have parted with will help fulfill your hopes.
- The Yellow Orb has passed from hand to hand and circled the globe.

The New Town

LEVEL
24

Occasionally visit the New Town and the Merchant you left with the old man at the field surrounded by trees. (If you don't see any change between each visit, take a short break between each visit or push the RESET button on your NES. Be sure to save your progress before doing either of these.)

Isn't it exciting to see the town growing? The Merchant seems to be doing a good job of developing the town. . . . But after a few visits, you notice the towns people begin to complain about the Merchant's way of doing business. Perhaps the Merchant has become too greedy. . . .

Keep visiting this new town. You will meet wayfarers who have traveled farther than you. They will tell you new things. Eventually one of the men you need, as a prophet in Lancel said, will end up in this town. . . .

Do you remember the Great Wizard on Greenlad? He said he wanted the Staff of Change. He also said he had heard the rumor that the Staff of Change was kept by the King of Samanao. It's time to visit Samanao.

How to Get Here

To reach here for the first time, you must use Travel Doors. Find a shrine to the south of Greenlad. Of the three Travel Doors inside, step on the one to the right. (Use the other two Travel Doors and you will gain information about the Promontory of Olivia.) Once transported, venture to the north, cross the bridge, and walk to the southwest along the mountains.

Get into the Castle

The entrance is strictly guarded. Even Invisibility Herbs won't help. If the front door doesn't work, try a back door. There is one for the kitchen on the east side of the castle. Go to see the King in the center of the castle. You will be caught by his guards and taken to the jail downstairs. A short stay in the jail will produce valuable information. . . .

A prisoner in Samanao said you would find the Mirror of Ra in this cave. The second basement is filled with many treasure chests. You can be greedy for a moment and indulge yourselves in a treasure hunt, but beware that some of them are Mimics; lethal monsters.

See the Reflection of the "King" of Samanao

Once you have the Mirror of Ra, wait until night falls and sneak into the King's chamber. (See the illustration of the castle of Samanao. If you cannot figure out how to get to his chamber, see the hint on page 78.) Stand by the sleeping King and USE the Mirror of Ra. The true form of the monster will be reflected upon the mirror. When defeated, the monster will leave a treasure chest. It contains . . .

Try the Staff of Change Yourself

The Staff of Change is too good to give to the Great Wizard without giving it a try yourself. USE it to change your appearance. (See for the first time the profiles of Slime!)

After having some fun with it, imagine ways to put the staff to real use. Do you remember the item store in the Hidden Village of Elves? They didn't want your business, but if you can assume the form of Elves, they should treat you right. The Wizard's Ring and the Magic Robe will be good buys.

Use the Vault Often

Being thankful, he will give you the Sailor's Thigh Bone. This item indicates the distance between you and the wandering Phantom Ship. USE it to help you zero in on the ship.

Do You Know?

- 5 You can reduce the potential damage enemies inflict by employing the "PARRY-FIGHT" technique.

Select PARRY and press the A Button. Cancel the selection by pressing the B Button, and then select FIGHT and press the A Button. By employing this technique, you can attack enemies while benefiting from the effect of PARRY. You may think the extra steps required a nuisance, but this technique will be quite useful against strong enemies.

Notice the difference!
Right: Usual; Left: PARRY-FIGHT

The Phantom Ship

LEVEL 28

It takes time to find the Phantom Ship, since it is sailing aimlessly all over the world. If you find it, pull your ship alongside and board the Phantom Ship. TALK to everyone (alive or not). In a room on the lower deck, you will find some treasure chests. One of them contains the Locket of Love. But which is it?

Go to the Promontory of Olivia

If you've TALKed to the old man at the Promontory of Olivia, you should be able to guess what to do with the Locket of Love. While your ship is being pulled back past the promontory by the curse of Olivia, USE the Locket of Love. The curse will be lifted and you can now go to...

Get Inside the Shrine Jail in the Lake

TALK to everything (including fires!) You will find the spirit of Simon there and it will instruct you to SEARCH around his body. You will find...

The Cave of Negrongond

LEVEL 32

The prophet in Luzania said you would leave the Sword of Gai into a volcano's crater and your own path would unfold before you. Go to the crater to the south of Assaram and leave (USE) the Sword of Gai into the crater. It will erupt, causing molten lava to flow into the river and solidify, connecting the shore to the valley of Negrongond. Walk south and you will reach the cave of Negrongond (if you are strong enough).

Penetrate the Cave

On the other side of the cave, there is a tiny shrine. At this shrine, you will find another Orb. Don't let the short distance between two openings of the cave entice you to enter unprepared. Many monsters, more powerful and devastating than any you have encountered so far, await you inside. It will not be easy to reach the other side of the cave, but don't give up. Make as many retreats as you need using the Outside and Return spells.

Think of this cave as the last training ground before confronting the Archfiend, Baramos. If you cannot penetrate this cave, you won't stand a chance against Baramos.

Be sure to check every treasure chest while you are in the cave. Two of the most sought-after weapons and armor are hidden in the cave: the Lightning Sword and the Swordedge Armor.

Liamland

LEVEL
34

So you finally reached the other side of the cave of Negrogond and received another Orb from the old man in the tiny shrine.

Congratulations!

Now you have all six Orbs: Green, Purple, Red, Blue, Yellow, and Silver. What? You don't have six Orbs yet? There is no point in coming to Liamland unless you have them all! You must retreat and retrieve the remaining Orbs. See page 79 if you need hints on locating the remaining Orbs.

Take all six Orbs to the chamber in Liamland. Place one of the six Orbs on each pedestal in the altar attended by twin maidens. (To place an Orb, approach one of six pedestals, select ITEM, then an Orb, and finally USE.) Colors are of no significance. You can place any Orb on any pedestal.

After placing all six Orbs on the pedestals, wait patiently. The legendary bird, Ramia, will resurrect before your eyes. She will fly you to the castle of Baramos.

Place (USE)
one Orb on
each pedestal.

... Then
legendary
Bird, Ramia,
will appear.

How to Ride Ramia

To ride Ramia, move the lead character of your party over the back of Ramia and press the A button. The rest of the party will follow. Using the \blacklozenge Control Pad, direct Ramia to fly in the direction of your choice. Your perseverance has paid off! Now you can soar over the land of Dragon Warrior III.

Now you can fly!

How to Land

To land, press the A Button. Move your party, using the \blacklozenge Control Pad, off Ramia. Note you cannot direct Ramia to land on places where you cannot walk, such as craggy mountains and seas.

The Castle of Baramos

LEVEL 34

After enjoying some relaxing excursions in the sky over Ramia, you set out to launch an assault against "thy enemy," the infamous Archfield Baramos. You direct Ramia to fly you to the castle of Baramos in the Necrogon.

The castle doesn't seem large, but even with a map you would have a hard time navigating through the castle. Can you reach the chamber with three treasure chests? One of them should contain the Demon Axe, probably the strongest weapon a Soldier can be equipped with in the world of Dragon Warrior III. (Be sure to EQUIP the Soldier with this weapon as soon as you find it.)

In the basement of this castle, awaits Baramos. Can you find the way to the basement? If you have trouble reaching the basement, see the hint on page 79.

How to Fight Baramos

Before the battle with Baramos begins, be sure to restore the maximum HP of every member of your party.

As soon as the battle starts, have the Wizard cast the Bikill spell on allies to double their attack powers and have the Pilgrim or the Sage cast the Increase spell to maximize their defense power.

You can be assured that no spell will work on Baramos. So don't waste turns or valuable MP casting spells on Baramos. The Pilgrim or the Sage should pay attention to the HP of each member of the party and heal the wounded.

With the Wizard and the Pilgrim or the Sage as the support group, the members who excel in fighting (the Hero, the Soldier, etc.) should keep delivering direct blows. The battle will be a long one, but with good teamwork, you should prevail.

So you defeated the Archfiend Baramos. The quest was long and at some points, you thought you would never make it to the end. But you have persevered the time to return to Aliahn and tell the world what you accomplished.

When you arrive at the town of Aliahn, everyone in the town already seems to know of your feat and they thank you. The King of Aliahn commends your quest and orders a celebration . . . but then . . . an unearthly voice is heard out of nowhere . . .

"Ha, ha, ha!"

"I am Zoma, Master Archfiend who rules the dark realm.
"By the powers I possess, before long, this world too will be locked in darkness. . . ."

The King, depressed with yet another threat from the dark realm, dismisses you. You are exhausted but decide to continue your quest. Where do you go from here . . . and how?

Remembering the Great Pit of Glaga near the castle of Baramos, you visit it again. There is a hole in the floor now. Being suspicious, you jump into it and enter.

You must gather information again by TALKING to everyone you see. Be sure to open locked doors if you see any. You will be surprised by who you know in this town. He is on the second floor of the building on the north side of town. He seems reformed now and, in appreciation of the compassion you once showed him, gives you some information.

There is someone upstairs.

They Say . . .

 * When rain and sunlight are combined, a Rainbow Bridge will form!

Are the Stones of Sunlight here?

Where Are the Stones of Sunlight?

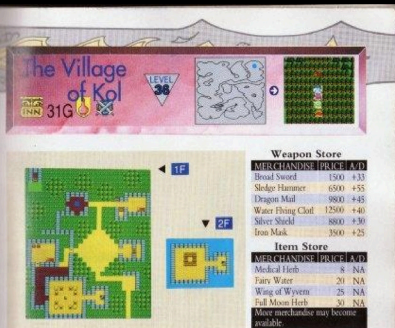

They don't seem to be in the underground chamber outside the castle as you may have hoped. Things aren't that simple. Your old acquaintance in the castle town said "... in Tanteig Castle." Shouldn't you look for it "inside" the castle instead?

Is there a second floor in the kitchen?

Is he a prisoner? You should TALK to him, but watch out for the barrier!

In this village, you find a couple from Jipang. According to the wife, they fled Jipang when it looked like they were to become the next offerings to the Orochi. She also mentions that her husband used to be a swordsmith in Jipang. He now runs the item store in the town. Do you think he can help you in some way?

Find Oricon

There is a man who is also looking for Oricon. He says he heard there were some in this town. TALK to the two women in the outer eastern section of the town. One of them says she saw something glittering in... SEARCH the area.

Check Outside of the Southern Part of Town

There are a few buildings and a pasture there. Don't overlook them.

Go Back to the Village of Kol

You now have the Oricon. But what does it do? Well, it is of no use to you until processed. Do you remember the item store owner who used to be a swordsmith in Jipang. Perhaps he can help you in some way. If you cannot figure out what to do with the Oricon, see the hint on page 79. While you are in the village of Kol, don't forget to look for the flute mentioned by a woman in the town of Hawksness.

Get the Sphere of Light

If you don't have the Sphere of Light yet, go to the world above and get it. "Where is it?" you ask. Did you notice that there was a castle on the north bank of the river which led you to the Promontory of Olivia? If you were careful, you should have caught a glimpse of it. That is the castle where the Dragon Queen lives. Visit her in her chamber located in the center of the castle.

TALK to everyone. Go into every room you can find in the town. An unlikely person might give you a very crucial hint. However, whether he is a reliable source is unknown.

She complains that her boyfriend told her to wait "at the edge of town" and he is late. Could he be waiting for her at one of the other edges of town?

They Say...

- The Armor of Radiance is in the tower that Radiss is sealed in.
- When drops of liquid light up the darkness, a rainbow bridge will appear at the western end of this island.
- The Sage's Stone heals everyone's wounds and can be used any number of times.
- There is a secret passage behind the throne in the castle of the Arch-friend.

The old man outside the tower says that if you have the Fairy Flute, you should go up to the fifth floor. But you cannot go up higher than the third floor from inside. There is a corridor on the ground floor which has the first flight of stairs leading to the fifth floor. You can enter the corridor by jumping off the north opening of the third floor.

Check Every Treasure Box

Do you remember what you heard about the Armor of Radiance in the town of Rimuldar? It should be in this tower.

How to Walk on Rotating Floors

This tower has Rotating Floors, tricky sections of floors new to you. When your characters are on these floors, their movement and the normal \blacklozenge Control Pad movements don't correspond. Although it may seem there is no relationship between the direction you enter by using the \blacklozenge Control Pad and the actual movement made by your characters on the screen, there is one simple relationship. Can you find it? If you can't figure it out, see the hint on page 79.

Free the Spirit, Rubiss

The stone statue you see in the middle of the fifth floor is the Spirit Rubiss. Play [USE] the Fairy Flute to free Rubiss. When freed, she will give you. . .

The Rainbow Bridge

LEVEL 43

See the spirit at the underground shrine near the town of Cantlin. She will give you the Staff of Rain. Now you should have all three necessary items to get to the island of the Master Archfiend: the Stones of Sunlight, the Staff of Rain, and the Sacred Amulet.

See the sage at the underground shrine in the island south of Rimuldar. Satisfied to see you have collected all of the three crucial items, he will give you the Rainbow Drop.

At the promontory northwest of the town of Rimuldar, USE the Rainbow Drop. The Rainbow Bridge will appear, connecting the island of the Archfiend and the island of Rimuldar.

The Castle of Zoma

LEVEL 44

The Master Archfiend, Zoma, is inside this castle. Don't get trapped in the castle's infinite loops. Can't find the way to Zoma? Do you remember what the chronic lying prisoner you saw in the town of Rimuldar had said? Maybe he was telling the truth that time. . . (If you can't find the passage, see the hint on page 79.)

On the fifth basement level, you will witness a courageous warrior fighting a monster. He is the person you heard so much about at many of the places you visited. . . .

How to Fight Zoma

On the fifth basement level, you will see five treasure chests. One of them contains the Sage's Stone. This item, when used during a battle, works like the Healus spell. Have the Pilgrim or Sage member of your party carry it.

Zoma awaits you on the sixth basement level. He is protected by three bodyguards. Defeat them, one by one. Before each battle, be sure to restore the maximum HP of each character. If you have the Wizard's Ring, USE it to also restore some MP.

As soon as the battle with Zoma begins, USE the Sphere of Light. Being the Master Archfiend of the Darkness, Zoma is susceptible to the power emitted by the Sphere of Light. Without it, you cannot inflict any damage to Zoma.

As always, the Pilgrim or Sage member should concentrate on healing the wounded. The Wizard should concentrate on doubling the attack power of each member, by casting the Bikill spell. Don't waste turns or MP by casting attack spells which don't seem to work on Zoma. From midpoint of the battle onward, Zoma will breathe out air to nullify the effects of all magic spells. The Sage's Stone will, then, be indispensable.

Even with an elaborate plan and coordinated teamwork, you will find Zoma seemingly impossible to defeat. Believe in yourself. You will win . . . eventually. . . if you are determined. **Good Luck!**

The Ultimate Hints

Where Is the Magic Ball?

An old man in the village of Reeve has one. Look for him.

How to Open the Sealed Stone Wall in the Pyramid

On the third floor, on the wall to the south, there are four buttons; two on the east side and two on the west side. Press one of the two buttons on the east side first and then one of the other two on the west side. If you press the right buttons, the wall will open. If not, you will fall through the trap door!

How to Arrange Three Boulders in the Castle of Eginbear

You can attempt to arrange three boulders as many times as you like. If you make a mistake, exit the chamber and re-enter the chamber when you are ready. The screen shots below illustrate one way to move the boulder on the left to the blue floor:

Push the boulder on the left toward the wall.

Push the boulder in the middle to the right to make some room.

Push the boulder on the left to the right. Be careful not to drop it in the pond.

Push the boulder on the left to the blue floor. Repeat for the other boulders.

Where Is the Missing Ally?

The character sent away to limbo by the Limbo spell will be returned to this world unscathed. He/she will be found at Luisa's Place in Alahan. See Luisa and ADD the ally back to your party again.

How to Enter the Chamber of the King of Samanao at Night

See the illustration of the castle of Samanao in Section II. Notice the tower on the east side of the castle. Enter the castle through the kitchen door on the east side. Go up the tower to the top and jump off through the opening to the west. Walk on the roof to get to the King's Chamber.

Where Is the Sword of Gaia?

If you TALKed to the spirit at the shrine jail by the Promontory of Olivia, you should know that the Sword of Gaia is hidden around one of the bodies there. SEARCH the area around the body.

Where Are the Six Orbs?

Green Orb Visit the village of Tedanki at night. Open the Final Key Door of a prison cell and TALK to the prisoner there.

Purple Orb SEARCH the treasure chest the Orochi in Jipang leaves when she is defeated.

Red Orb Move the boulder outside of the House of Pirates and SEARCH the spot. Climb down the stairs.

Blue Orb SEARCH a treasure chest on the third basement level of the Navel of the Earth.

Yellow Orb Visit the new town often and TALK to the Merchant. When he is imprisoned, he reveals where to look for it.

Silver Orb See the old man at the shrine by one of the openings of the Cave of Necrogond.

How to Enter Baramos' Chamber

Follow the route outlined below (the letters correspond to the ones in the diagram of the castle of Baramos in Section II):

2F: B + A D + C
1F: C D + H K + G F + E A + B Baramos' Chamber
B1: D + F C + A

Where Is the Sword of Kings?

Find the Orion in the pasture of the town of Hauksness and go to the village of Kol. Sell the Orion to the owner of the item store who used to be a swordsmith in Jipang. Leave the village and come back later. He will have forged the Sword of Kings and put it up for sale by then.

How to Walk on the Rotating Floors

When you are on a rotating floor, pressing the \blacktriangle Control Pad in the direction corresponding to the dark side of the floor moves you up. For example, when you are on one of the floors in the picture to the right, pressing left on \blacktriangle Control Pad moves you up. Try to figure out how other moves can be controlled.

How to Reach the Third Basement Level in the Castle of Zoma

To avoid getting trapped in the infinite loop of the second basement, you must enter the second basement through a secret passage. Do you remember what the chronic lying prisoner in the town of Rimuldar said? SEARCH the area behind the throne on the first basement level. You will find the stairs to the passage.
